- Recipe Making

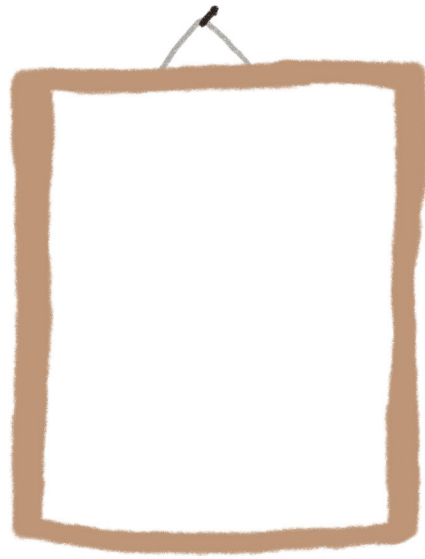

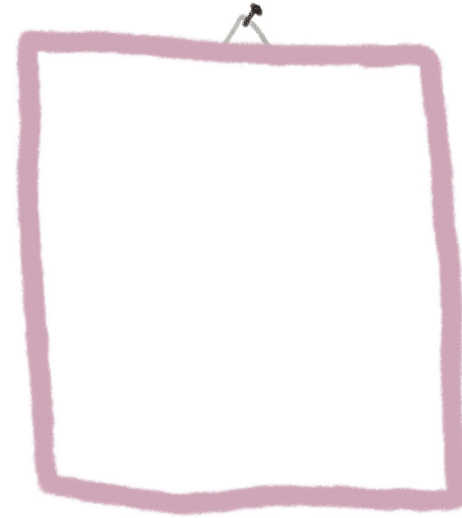

The Favourites of my Favourites

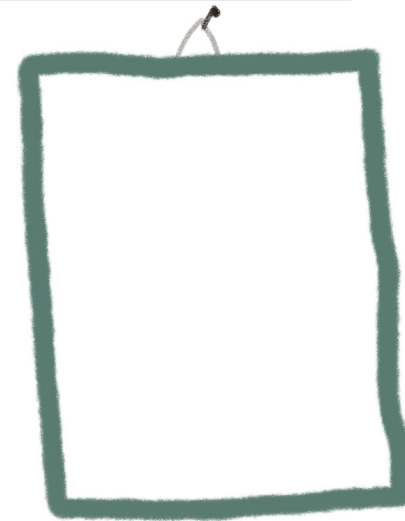

What are the favourite foods of
the people in YOUR Life? Your
friends, your family, the people in
your house or street?

Find out what foods your loved
ones love! You could draw them in
the frame and write their favourite
food underneath.

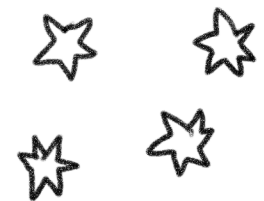

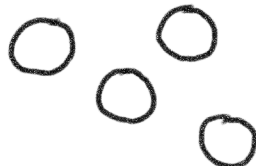

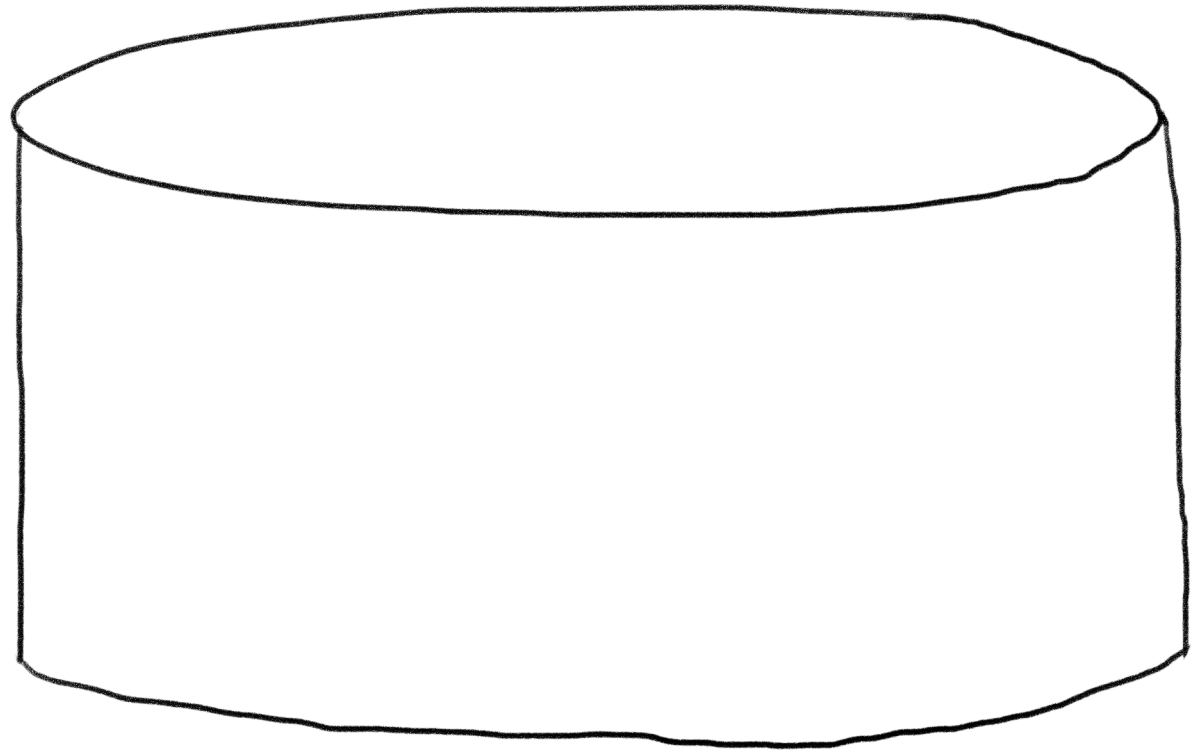

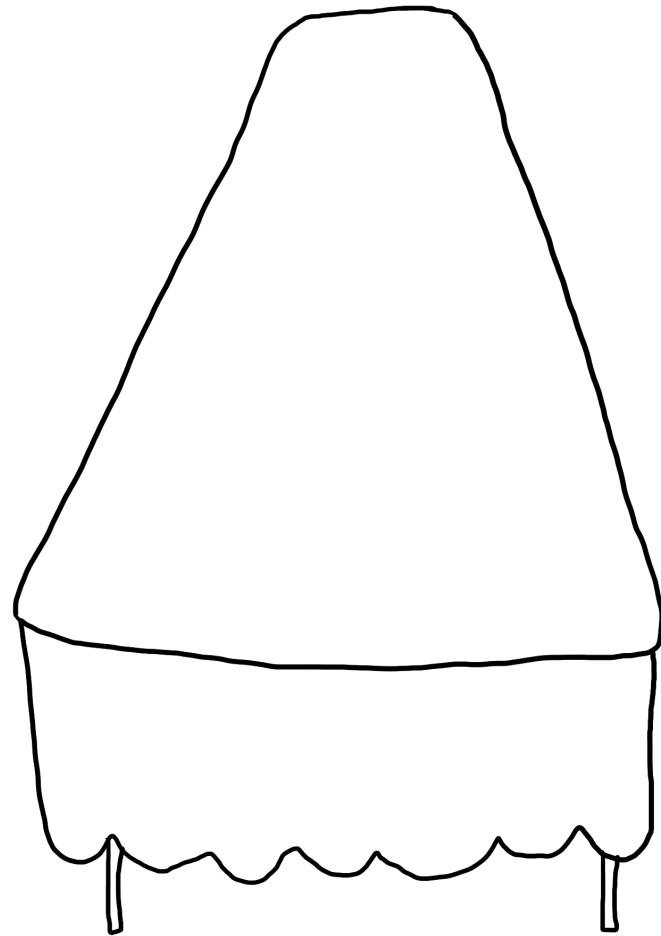

Decorate a Cake!

This cake looks a little boring. It needs some major decorating! Below are some ideas to get you started like jellybeans or stars, but you can draw/collage or paint your own!

Feast!

Here is a table ready for a big feast. You can invite anyone you want to this feast - you just have to draw them! What would you like to feed your guests? You can draw that too!

Recipe Making

This bowl is waiting for your ingredients - what kind of thing will you cook today?

You can draw, write or collage your ingredients above the bowl, ready to be mixed!
